From The Editor

What a great fall this has been! Once the rain finally quit and the farmers were able to get into the fields and get crops off that is! I love this time of year—no bugs, the fields are cleared for riding and the temperatures are usually perfect for riding. I've been able to consistently get one of my youngsters out for some rides, she's Indi's full sister and is shaping up to be just like him. She'll be my backup endurance horse next year.

Yup, that's right, it's time to start planning and working towards next year, everyone! That means clinics, training, learn a new discipline etc. If you have clinics or seminars planned for this winter, get them in to me for Coming Events. I'd be happy to publish and advertise them for you and Coming Events is Free! Doesn't get much easier than that!

*Happy Trails,
Colleen*
